Subject: RE: Technical Directive 9MA045PV

Joe,

I am having difficulties amending the TD that I submitted regarding responses to comments for the Pavillion investigation (9MA045PV). Ms. Cindy Paul (the EPA PO) will make the necessary amendments to the TD. In the meantime, Ms. Paul requested that I send an email indicating we will extend the completion date.

According to your email, Boart-Longyear has requested an extension through 16 April 2013 to allow additional time to research the questions. The new completion date for the TD (9MA045PV) is therefore 17 April 2013 to allow you to work with your subcontractor and provide the responses to EPA.

Please let me or Ms. Paul know if you have any questions.

Subject: Technical Directive 9MA045PV

Lady/gentlemen, find attached our partial responses to the subject technical directive. Boart-Longyear has requested additional time to research these questions. Boart-Longyear does not have access to their legacy procurement system and will need to access their offsite archives. They have requested until April 16 to complete that search.
